

# CARPENTRY

SERVICES

IS YOUR COMPANY SEEKING INNOVATIVE SOLUTIONS FOR INDUSTRIAL, COMMERCIAL, AND RESIDENTIAL CONSTRUCTION AND MAINTENANCE?

WE ARE COMMITTED TO THE SUCCESS OF YOUR PROJECTS, REGARDLESS OF THEIR SCOPE.

BUSINESS CASE

## CHALLENGE

Installation of a new building in an isolated environment while reducing on-site time.

## SOLUTION

Blais Industries stood out by introducing a different approach to prefabrication. Connection between manufacturer and conception made it possible to speed up work stages and thereby speed up on-site installation time.

## RESULTS

Less time was wasted due to bad weather. Moreover, the complexity of mobilizing the drip equipment, thereby eliminating the risk of delay. Finally, the time spent on site was cut in half, as well as the high cost of accommodation and travel to remote sites.

Health and safety, respect budgets and timelines are the objectives we must follow for all our customers.

Our experienced team strives to achieve these objectives with complete transparency.

Our team can perform carpentry work for residential, commercial, and industrial clients.

We will meet your needs for assembly, installation and dismantling of any type of structure or building.

## OUR SERVICES

You can rely on our offer of installation solutions adapted and assembled beyond your expectations and in due time:

- Institutional prefabricated building installation
- Temporary building installation for production shutdown
- Concrete slab
- Roof upgrade
- Exterior siding
- Project design support (good design can save on installation costs)
