

ELEVATOR

SERVICES

IS YOUR COMPANY SEEKING INNOVATIVE SOLUTIONS FOR INDUSTRIAL, COMMERCIAL, AND RESIDENTIAL CONSTRUCTION AND MAINTENANCE?

WE ARE COMMITTED TO THE SUCCESS OF YOUR PROJECTS, REGARDLESS OF THEIR SCOPE.

BUSINESS CASE

CHALLENGE

Retrofitting of an elevator without completely changing it and thereby avoiding a massive increase in the budget allocated for its modernization.

SOLUTION

Blais Industries stood out thanks to its collaborative approach while enforcing the necessary updating codes and standards. Here, we were able to save costs by modifying only certain elevator components. It was also possible to perform the retrofit in stages and thus stagger the major costs over several years.

RESULTS

A customized solution and approach made it possible to carry out the modernization according to the customer's specific needs and without stretching the budget.

Health and safety, respect budgets and timelines are the objectives we must follow for all our customers.

Our experienced team strives to achieve these objectives with complete transparency.
