SERVICES

IS YOUR COMPANY SEEKING INNOVATIVE SOLUTIONS FOR INDUSTRIAL AND COMMERCIAL CONSTRUCTION AND MAINTENANCE?

WE ARE COMMITTED TO THE SUCCESS OF YOUR PROJECTS, REGARDLESS OF THEIR SCOPE.

BUSINESS CASE

## CHALLENGE

Replace only the shell of a mill as quickly as possible while minimizing production loss. It was also imperative that the roof of the building not remain open for over a month.

## SOLUTION

Blais Industries was actively involved with the operations team from the very beginning. The work took place both day and night. Extensive planning and innovative workmanship made it possible to move huge parts in and out without disrupting the plant for weeks.

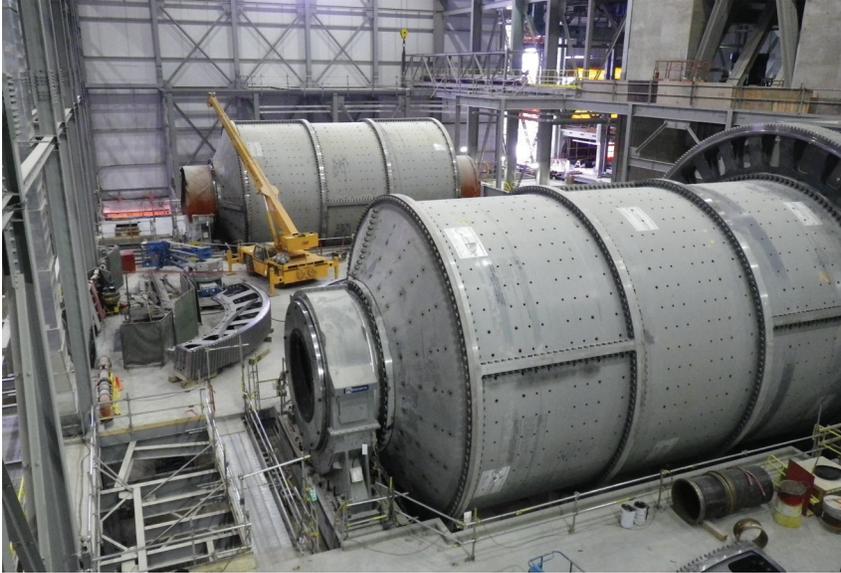

## RESULTS

The project was completed on time and within budget. This reduced impact on production, which was already down, so that within a few weeks, the plant resumed operations beyond its original capacity.

Health and safety, respect budgets and timelines are the objectives we must follow for all our customers.

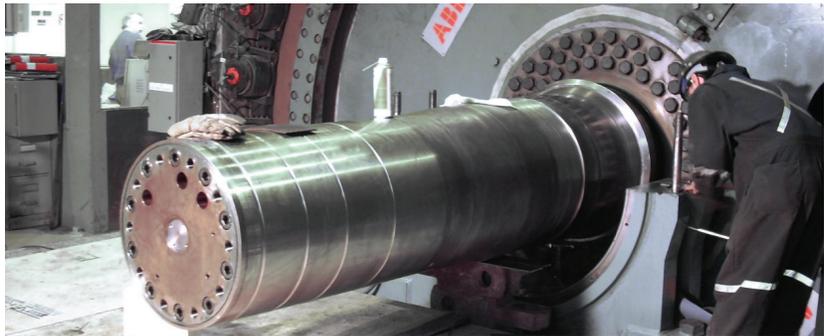

Our experienced team strives to achieve these objectives with complete transparency.

## OUR SERVICES

- Mill installation, maintenance, and refurbishing (more than 150 mills to our credit)
- Hoist installation, maintenance, and refurbishing
- Crusher installation, maintenance, and refurbishing
- Conveyor installation, maintenance, and refurbishing
