

**BLAIS
INDUSTRIES**

STEEL STRUCTURE

SERVICES

IS YOUR COMPANY SEEKING INNOVATIVE
SOLUTIONS FOR INDUSTRIAL CONSTRUCTION
AND MAINTENANCE?

WE ARE COMMITTED TO THE SUCCESS OF YOUR
PROJECTS, REGARDLESS OF THEIR SCOPE.

BUSINESS CASE

CHALLENGE

Installation of a new building in an isolated environment while reducing on-site time.

SOLUTION

Blais Industries stood out by introducing a different approach to prefabrication. Connection between manufacturer and conception made it possible to speed up work stages and thereby speed up on-site installation time.

RESULTS

Less time spent on the job site meant less time wasted due to bad weather. Furthermore, costly accommodation and travel costs to remote construction sites have been cut in half.

Health and safety, respect budgets and timelines are the objectives we must follow for all our customers.

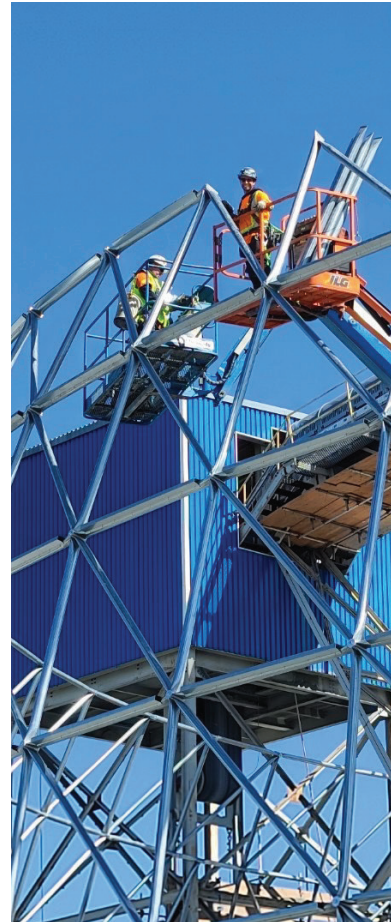

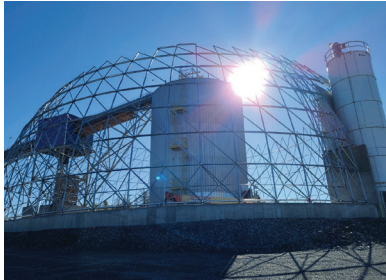

Our experienced team strives to achieve these objectives with complete transparency.

OUR SERVICES

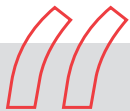

- Institutional prefabricated building installation
- Conventional steel structure installation
- New and complex structure installation
- Safe rehabilitation of old building to optimize its long-term use
- Expansion and metalwork project (walkway, handrail, etc.)
- Project design support (good design can save on installation costs)

We will meet your needs for assembly, installation and dismantling of any type of structure or building.

You can rely on our customized installation solutions that will exceed your expectations and that can be assembled in a timely manner.

WHETHER YOU WORK IN THE MINING, ENERGY OR PULP AND PAPER INDUSTRIES, YOU CAN COUNT ON OUR EXPERTISE TO BUILD YOUR FACILITIES.

*"Train employees to excel.
But treat them so well that they will want to stay."*

MARIA ELAINE FELICIANO, CRHA, MGP / HUMAN RESOURCES DIRECTOR
